

MY SCHOOL PHOTOS

Grade 1

Grade 12

MY FAMILY

AT SCHOOL

Remember those old class photos every family seems to have? The one where your eight-year-old great-grandpa is standing in the second row with a scowl on his face? Use this page to display a couple of those pictures.

THEN

A memory someone in my family has shared about school, or a story they told me about one of my ancestors.

NOW

One of my own school memories.
